

The best option is the most stylish one.

The Cherubini remote control series: Giro, Pop, Giro Wall.

#EXPECTMORE

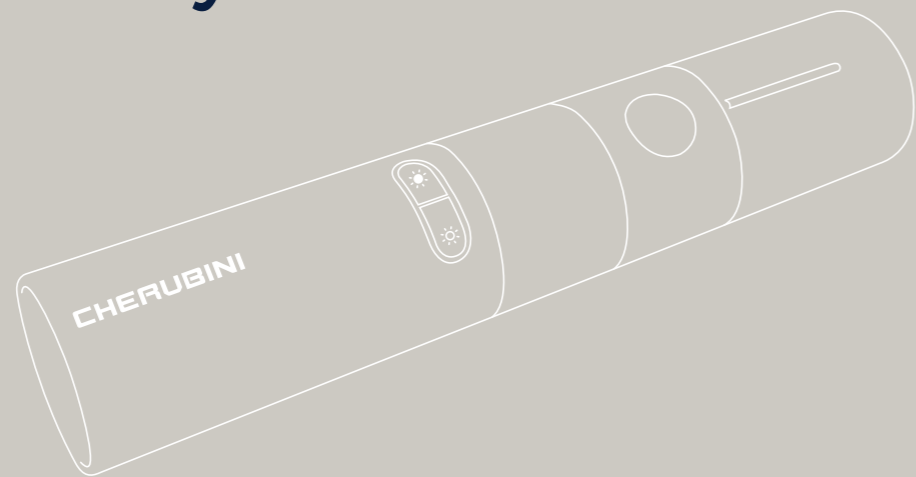

CHERUBINI

Giro:
elegant
design,
revolutionary
functionality.

With Giro, we've changed
our approach to remote
control design.

- Ergonomic rotary command for optimal control.
- It is now easier to select channels and access the solar function, thanks to the dedicated buttons.
- Hidden controls for protected programming in the battery compartment.
- Posterior LED indicator, specifically for programming activities.

With just a simple
movement of your thumb,
the circular design
facilitates a more natural
interaction with your
device.

DISCOVER
GIRO

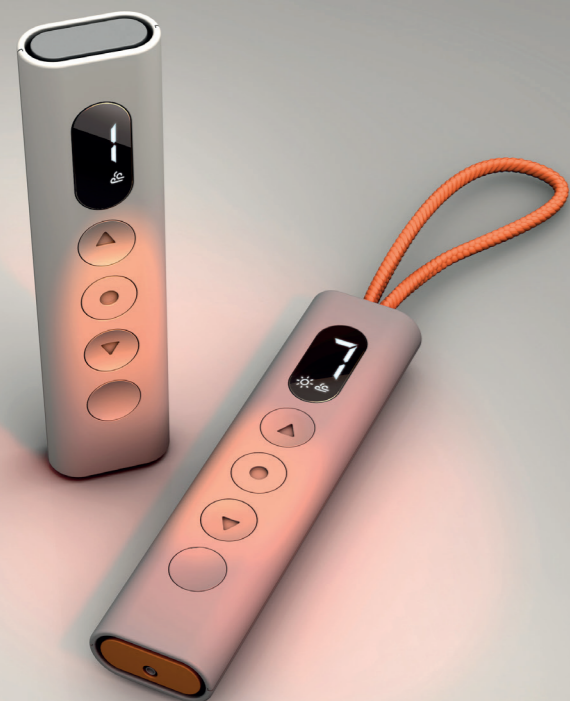

Pop,
take control of
your devices
with a touch of
colour.

**POP is the new line of
remote controls
which are practical and
essential, and available
in six colours.**

**Customisable in
6 colours.**

Available on order, the kit can be used to
customise your remote control, making it
easy to differentiate from other controls in
your home.

The two closing caps and the removable
cord are available in grey or orange in the
standard version, as well as in four other
colours, thanks to the optional kit.

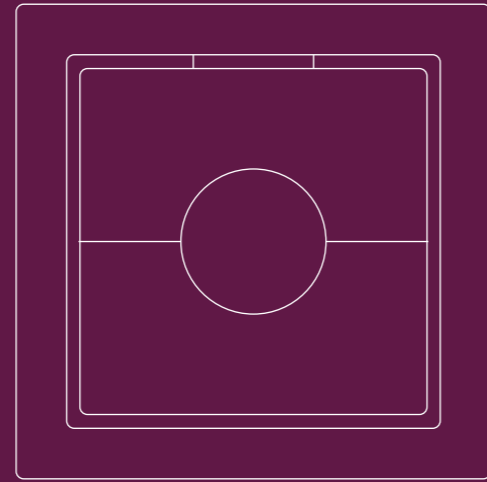

The large white LED
display screen is easy
to read, while the wall-
support with just one hole
let you hang your remote
to the wall.

DISCOVER
POP

Giro Wall,
a stylistic
addition
to any wall.

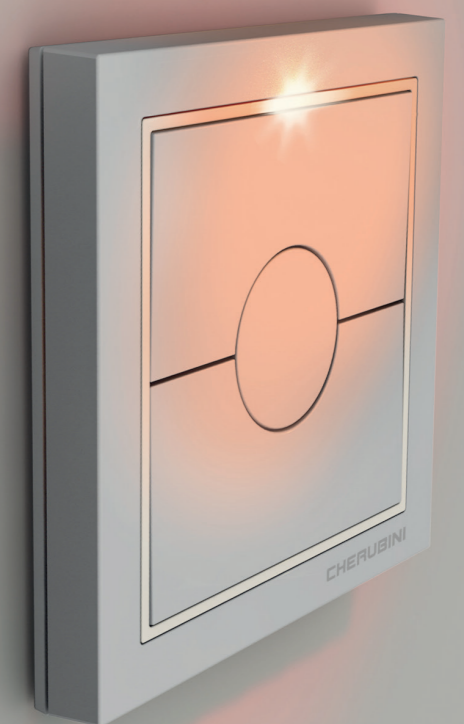

We transferred the
elegance of GIRO in a
single-channel wall-
mounted remote control.

- A slim square design, ideal for hanging on the wall.
- The wall bracket can be fully disassembled.
- Automatic lock for programming functions.
- Available in 2 colours: white and anthracite grey.

GIRO WALL

Technical specifications

The POP and GIRO remote controls use long-life AAA batteries that can be easily replaced.

All programming functions on all models automatically lock and are available in four versions.

MONO

One-channel remote control with front indicator for operating a motor or group of motors.

PLUS

Multi-channel remote control with seven individual channels and global channel 0. Option to only visualise used channels on the display. GIRO PLUS also has dedicated back/forward buttons to select the desired channel..

LUX

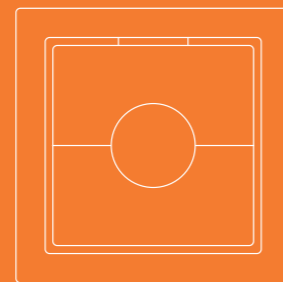

One-channel remote control for one motor or one group of motors. The Lux control allows you to enable or disable the solar function in motors and receivers compatible with the WindTec Lux climate controls.

P-LUX

Multi-channel remote control with seven individual channels and global channel 0. Option to only visualise used channels on display. The Lux remote control allows you to activate and de-activate the solar function in motors and receivers compatible with WindTec Lux climate control, either individually or on the global channel.

GIRO WALL

Power	2,4V - 3V dc
Battery type	1 x CR2430
Transmission frequency	433,92 MHz
Modulation	AM/ASK
Decoder system	Rolling Code
Outdoor range	150 m
Functioning temperature	-10° C +50° C
Dimension (mm)	78 x 78 x 10
Weight	95 g

Wall-mounted remote control, shallow and square design that can be inset into the wall.

GIRO

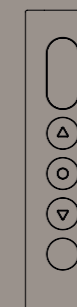

Power	2,4V - 3V dc
Battery type	2 x LR03 (AAA)
Transmission frequency	433,92 MHz
Modulation	AM/ASK
Decoder system	Rolling Code
Outdoor range	150 m
Functioning temperature	-10° C +50° C
Dimension (mm)	160 x Ø30
Weight	100 g

The perfect balance of function and design.

POP

Power	2,4V - 3V dc
Battery type	2 x LR03 (AAA)
Transmission frequency	433,92 MHz
Modulation	AM/ASK
Decoder system	Rolling Code
Outdoor range	100 - 150 m
Functioning temperature	-10° C +50° C
Dimension (mm)	132 x 32 x 16
Weight	63 g

Line of practical and essential remote controls, customisable in six colours.
